

Urintransfer® 60 ml

FL Medical works to satisfy customers' needs, The company is continuously updating to improve the products and realize new projects. At the basis of this item there are FL Medical values

Innovation
Quality
Efficiency

Main characteristics of Urintransfer® 60 ml are

Lower quantity of sample

A lower quantity of urine is required
Minimum volume required is 15 ml
and maximum volume is 45 ml

Transport cost optimization

The lower dimensions of containers allow to minimize the transport cost thanks to a higher quantity per box

Reduction of disposal costs

The reduced amount of plastic is an advantage in terms of environment and disposal cost reduction

Code	Volume	Containers Dimension	Packaging
